9.	20 <sup>th</sup> March 2020	7.59 am	<p>We are working on a proposal and have selected Component I '<i>Enhance accountability mechanisms and women's ability to participate and influence governance structures at national and county level</i>'. 11	23 <sup>rd</sup> March 2020	1.54 pm	<p>Enquiry concerning your call for proposal for civil society due on 6<sup>th</sup> April 2020.</p> <p>Currently reviewing the call and would like to obtain some clarification in regard to component 1.</p> <p>Component 1 has only one output yet in the requirements the guidelines given indicate that you can only bid for one component with a minimum of 2 outputs. Advise on our eligibility against your set criteria.</p>	<p>For component 1 the proponents can submit a proposal for this one output only.</p> <p>The details of the selection criteria are specified on the website (<a href="https://www.genderinkenya.org/news/un-women-kenya-call-for-proposal-responsible-partners/">https://www.genderinkenya.org/news/un-women-kenya-call-for-proposal-responsible-partners/</a>). We would need a specific question on the eligibility criteria to be able to answer. UN Women cannot unfortunately start to evaluate individual proponents against the criteria at this stage: each proponent must assess their eligibility against the given criteria and submit the proposal accordingly.</p>
12	23 <sup>rd</sup> March 2020	2.53 pm	On the requirement "Each proposal must include only one component and minimum two outputs." –	Yes, we expect to receive applications that cover all the activity areas in an output. The proponents can make arrangements to form a consortium to address all the activity areas in an output.

			does the applicant need to propose to cover all the suggested activities under a specific output?	
			On the geographic focus, does the applicant have to apply to cover all the areas listed? E.g. for Output 2. Increased citizen civic understanding and advocacy on women's rights to participate in governance processes (Turkana, Marsabit, Kwale and Kitui) – does an application need to cover all these counties or can it be limited to one or more?	The application can be limited to the counties where the proponent is present programmatically in line with the eligibility criteria.
13	24 <sup>th</sup> March 2020	4.39 pm	In regard to UN Women Call for Proposals from responsible partners, a local proponent seeks for clarification on the following.	Devolution counties are noted on the website ( <a href="https://www.genderinkenya.org/news/un-women-kenya-call-for-proposal-responsible-partners/">https://www.genderinkenya.org/news/un-women-kenya-call-for-proposal-responsible-partners/</a> ): Turkana, Marsabit, Wajir, Mandera, West Pokot, Lamu, Tana River, Isiolo, Garissa, Samburu, Kilifi, Busia, Kajiado, Narok, Kwale, Kitui, Laikipia, Bungoma, Vihiga, Kisumu, Nairobi
			1. Which are the 14 devolution counties targeted in component 1?	
			2. Is it possible to include elements of other components for example (component 2 & 5) in component 1 proposal?	Yes, it is possible if the proponent has relevant organizational capacity, but please note that the annual budget remains the same.

14	25 <sup>th</sup> March 2020	6.17 am	<p>We are interested in applying for the grant. Kindly clarify for us the following question.</p> <p>Are the counties in brackets per result area clusters that the submissions have to consider in terms of coverage as one or can the proposal cover any one or two of the counties in brackets</p>	The application can be limited to the counties where the proponent is programmatically present in line with the eligibility criteria.
15	25 <sup>th</sup> March 2020	8.41 am	Can an organization submit two proposals for the same component covering two different geographical areas?	No, there need to be one proposal and the geographical areas can be differentiated in the activities and budget.
			Is there a ceiling for the personnel and admin costs?	Yes, there is: personnel cost is maximum 20% of the direct programme cost. The admin is maximum of 7% of the direct programme cost. M&E is maximum of 3% of the direct programme cost.
			Does one submission have to cover all the counties as bracketed or it can target one or two of the counties?	The proposal can target one or two, or more counties in one proposal, but limited to the specified counties specified under each output. E.g. Component I has 14 devolution counties (see the list under question 13 above), from which the proponent can pick the ones that are relevant to them but other than the listed 14 devolution counties cannot be included in the proposal.

			<p>Lastly, I am wondering if the deadline has remained the same in light of COVID-19 or</p>	The deadline has been postponed to 15.4.2020 at 11.59pm.

This means that if the project is on 2 years, the total budget should be between 60,000 and 400,000USD. Is that right?	Please note that the proposals are expected for the duration of one year, and the 2 <sup>nd</sup> and any subsequent years are subject to the availability of funding.
			Can we include co-funding in the project? The project we will propose will start in 2021	Yes, but it should be very clearly specified which part of the programme is funded by UN Women and the other partner and their part of the programme should be identified in the proposal in detail to get a better understanding of the whole project

			and is already co-funded. UN Women would become partner. Is that allowed?

43	27 <sup>th</sup> March 2020	7.56 am	Seeking clarifications on the following issues.	This is a comment, no specific question asked.
			<p>This proposal in the instruction documents has been said to have two sections, the 2nd section is well explained but the details on the first section are very scanty, particularly on the CFP letter for Responsible Parties and Proposal data sheet for Responsible Parties. The UN Women Terms of Reference <b>are clear.</b></p> <p>The local CBO with offices and operations in X County has been in operation since 2012</p>	
				We encourage you to apply: if your proposal is passed through by the evaluation committee, the institutional capacity assessment will be done after.

			<p>however most of the activities and funds support received have always been 'in kind' form. i.e. supported with various equipment to enable carry out its mandate and as search financial records are basically only for group members contributions and expenditures on various community activities. Albeit the group has along term experience working around the 5 components as highlighted. Kindly advise.</p>
